Dear Ken,

Thank you very much for making Katie and Chris' wedding day just perfect! You did a brilliant job of keeping us in order and not letting events get out of hand!

We were a large, noisy party, all having a great time and you quietly but firmly saw that we did all we should do in the right order and with minimum fuss but with exactly the right amount of presence tinged with humour. Perfect.

We all had a fabulous day. Everything went as we hoped it would, no dire last minute problems, bride on time, weather as we would have ordered it if we had been able to, speeches short and funny with no "cringe" moments and everyone enjoying the event, the food and most importantly the relaxed ambience of the occasion. This is just what Katie had planned for.

Many, many thanks,
